KJ-175™ LITTLE-TOPPER™

The KJ-175™ "Little Topper™" gives you the capability to sell both the Saturday and Sunday editions at the same time. Where space is at a premium, two different publications can join together in one rack. The KJ-175™ is a short version of our popular Topper™ KJ-200™ rack. It was designed to be mounted on either K-Jack's permanent or modular stylemount. When mounted, your customer will be able to easily reach the papers in the top rack.

All K-Jack newsracks are designed to operate with a standard K-Jack mechanical snap-out™ mechanism or our electronic Comp-U-Mech™ mechanism.

▼ STANDARD FEATURES AND EQUIPMENT

▶ APPEARANCE:

- Thirty-Eight standard colors
