## KJ-825™ CAR-MATE™

The KJ-825™ Car-Mate™ is equipped with a Power door closer™. With this standard feature, it is the perfect rack for purchases made from a car. The customer is not in danger of the rack door slamming on one's arm or hand, while purchasing the paper from a car or truck.

Standing tall, on a twenty-seven inch pedestal base, the KJ-825™ Car-Mate™ will give you a look of individuality. It can be curb mounted, at many different types of sales locations so that your customers may purchase your publication without leaving their automobile.

All K-Jack newsracks are designed to operate with a standard K-Jack mechanical snap-out™ mechanism or our electronic Comp-U-Mech™ mechanism.

### ▼ STANDARD FEATURES AND EQUIPMENT
